Notes REST API

It is a sample REST API model

User Routes

Make things easier for your teammates with a complete folder description.

POST Register User   Open Request →

    http://localhost:1337/api/register

Make things easier for your teammates with a complete request description.

Body raw (json)

```json
{
  "name": "Arun Jangra",
  "password": "abcdefgh",
  "passwordConfirmation": "abcdefgh",
  "email": "arunjangra89@gmail.com"
}
```

POST Login Session   Open Request →

    http://localhost:1337/api/sessions

Make things easier for your teammates with a complete request description.

Body raw (json)

```json
{
    "email": "arunjangra89@gmail.com",
    "password": "abcdefgh"
}
```

GET Get Sessions   Open Request →

http://localhost:1337/api/sessions

Make things easier for your teammates with a complete request description.
